**MOTION FOR EXTENSION OF TIME TO FILE COMMENTS**

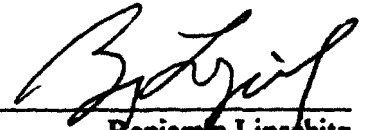

Pursuant to § 1.46 of the Federal Communications Commission (FCC) rules, the City of New York Department of Information Technology and Telecommunications (City) respectfully requests a seven-day extension of time to file comments in response to the Petition for Reconsideration of the County of Los Angeles, California (Petition), filed with the FCC on July 11, 1997, in the above-referenced proceedings. Public notice of the Petition was published in the Federal Register on August 1, 1997 and comments are now due August 18, 1997.

The basis for the City's motion is that several City personnel that are necessary to correlate information to show the dramatic effect of certain charges that are the subject of the Petition, are temporarily on leave of absence. While the City recognizes that the Commission does not routinely grant extensions of time to file comments, a seven-day extension of time, from August 18, 1997 to August 25, 1997, will allow the City to correlate the necessary information and to

adequately submit comments in this matter.

Respectfully Submitted,  
NEW YORK CITY DEPARTMENT OF

AND TELECOMMUNICATIONS
